NEW YORK ASSOCIATION

FOR

Improving the Condition of the Poor

RENEWED attention is called to the merits and important work of the NEW YORK ASSOCIATION FOR IMPROVING THE CONDITION OF THE POOR, organized in 1843.

The managers beg leave to solicit contributions for carrying on the work of relieving the necessities of the sick and unfortunate poor, and assure the public that each case sent to them will be carefully investigated by a competent visitor, who will promptly give such relief as may seem best; pains being taken to expend wisely the funds entrusted to their care, so that the poor shall not suffer from the degradation caused by indiscriminate alms-giving.

The Sanitary Department of the Association endeavors to Improve the condition of the homes of the poor: 1st. By securing the abatement of nuisances; 2d. By promoting the erection of Improved Tenement Houses; 3d. By securing the maintenance of an efficient system of Street Cleaning; 4th. By taking active steps to secure such desirable legislation as the sanitary interests of the City may require, and to prevent adverse legislation. This branch of our work we consider to be fully equal in importance to that carried on in our Relief Department, for the prevention of the ravages of disease and death is certainly much more gratifying than the endeavor to alleviate the sufferings that ensue.

Contributions will be received by the Treasurer, to meet the enlarged drains on our treasury, and also by Mr. George H. Hansell and Mr. Samuel Lyman, authorized Canvassers and Collectors.

Copies of the Annual Report may be obtained on application to the General Agent.

W. H. JORDAN, Proprietor,

437 & 439 West 45th Street.

W. H. JORDAN seems to have reduced almost to science this branch of industry, and his large establishment at Nos. 437 and 439 West Forty-fifth Street, contains all the improvements made since the "Original" machine, of which he was the proprietor. The apparatus, which is run by steam machinery, and the whole premises, are well worth inspection.—*Evening Post*.
